

THE COORDINATOR'S CORNER

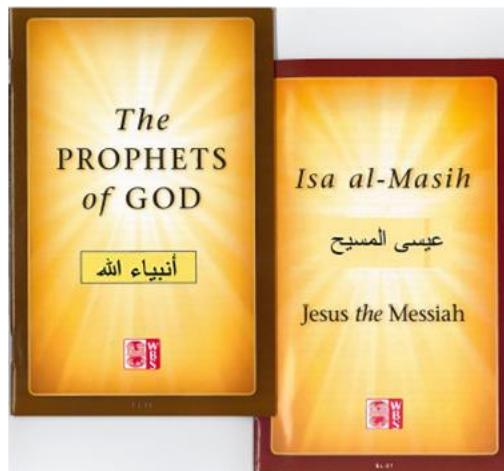

December 2013

POSTAL STUDENT NAMES AVAILABLE ONLINE

Would you like to teach postal students from countries you're not teaching in now? We have an easy way to find them. Register as a teacher at www.worldbibleschool.net (at the "Become a Teacher" tab). After you register and receive your password from us, go to www.worldbibleschool.org. When you sign in, go to the "Student Board" and filter the list of available students by choosing the "Postal" option. From this list, you can choose names of waiting postal students from a variety of countries. Try it and let me know what you think!

MUSLIM COURSES

The WBS Muslim series (see covers below) is used when a student indicates on Return Page 4 of the Introduction lesson that their religion is Islam. In this case, the Study Helper should send the two Muslim study booklets instead of GOD HAS SPOKEN and KNOWING JESUS in the second mailing. If the student completes and returns these quizzes, the Study Helper then continues with the Master Series by sending THIS IS GOOD NEWS and BORN OF WATER AND SPIRIT, followed by THE FAMILY OF GOD and LIVE A LIFE OF LOVE. Call Cammy at 800-311-2006 to order.

CREATIVE OUTREACH USING WBS

During the summer, the city of Montrose, Colorado has a weekly street fair called "Main in Motion". The fair features commercial vendors along with general family interests such as food and games. The Montrose Church of Christ sponsored a booth at the fair this past summer.

Each Thursday evening they had games or face painting for the children and a couple of members would visit with parents and other adults in the crowd. They handed out free ice water and brochures for the church and World Bible School. They have reached out to many people in their community and have begun conversations about the Bible. Deb Dirks, one of the members said, "It's a gentle way to reach people. It is also highly appreciated when we can just offer it, tell them it is online or by mail and there's no cost. People react much more positively when I reiterate that it is online and we don't come to their house."

"Main in Motion" is one more example of a church thinking outside the box to spread God's word. How can you use WBS to reach out to your community?

FINALLY....

Have questions, concerns, or suggestions on how to make WBS even better? Contact me any time at:
