SCANNING THE HORIZON

In February I told you a little about the WBS scanning system. This month I want to explain why you should consider using this system for your postal students in Zimbabwe.

Using the traditional mail system, a Zimbabwe student Return Sheet takes at least 4-8 weeks to get from the WBS service center in Harare back to you, as shown below:

Using scanning, that same Return Sheet gets to you in about one week. What's the difference? Instead of the service center staff collecting and mailing back Return Sheets in bulk packages, they upload Return Sheets directly to the web. Cedar Park then notifies you that your Return Sheets are ready, and you download and print them, as shown below:

Using scanning gets Return Sheets to you much more quickly, which allows you to mail the next lessons to your students sooner. It saves your congregation the cost of return postage for Return Sheets, but does require you to download and print out the Return Sheets for grading.

If you have questions, or would like to use scanning for your Zimbabwe students, call Cammy at 800-311-2006. Join us in looking to the horizon – to things we can creatively accomplish for Christ – and moving forward.

ADDITIONAL STUDY OPPORTUNITIES!

Do you have a WBS student who has completed all WBS courses but wants to study more? Check out these options:

- Go to www.worldbibleschool.net
- Click on "Resources"
- Click on "Additional Study Materials" at the bottom of the list

BEWARE OF SCAMS

If you receive an unsolicited list of student names, hundreds of answer sheets with identical answers or handwriting, requests for large numbers of course booklets or money, or suspicious requests of any kind from an unknown source please let us know right away. We can advise you on how you should proceed.

DID YOU KNOW?

Every dollar given to WBS helps one student study the Bible.

FINALLY....
