

WBS Bible Lessons: the Master Series

World Bible School lessons provide pure Bible Truth. They share the Good News of Jesus, the plan of salvation, and how to develop a personal relationship with the Lord.

WBS offers a core curriculum of seven multi-lesson course books, along with other courses and supplements. The core, known as the “Master Series,” shines Scripture’s light on the basics of God, His Son, His Gospel of grace, His church and His new way of life.

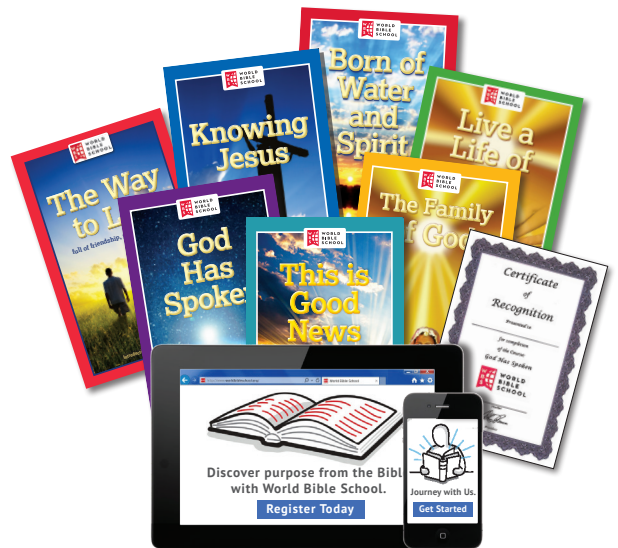

All graded choice questions come directly from Scriptures quoted in the lesson. Even students without a Bible can complete all the coursework. Each lesson teaches in a caring and clear way, suitable for people all over the world who share an interest in what the Bible has to offer. The courses aim to “make disciples” by letting God’s Word develop in each student an informed, personal faith that obeys the Gospel and enjoys a growing, fruitful relationship with the Lord.

The first lesson is an introductory lesson, The Way. After a student returns its answers, WBS courses are sent **two at a time**. This is for several important reasons. First, when students receive two lessons at a time, they are much more likely to continue with

their studies than if they just receive one course. This is because their interest level remains high since there is no time delay in receiving those lessons. Also, if needed, poorer students can reduce mailing costs by returning the two answers together. At the same time, this process reduces seven course mailings down to four, therefore saving you, the teacher (or your church), postage costs. Most importantly, when *This is*

(see back)

Good News is coupled with *God Has Spoken*, the student has the opportunity early-on to learn specifically about God, what He expects from humankind, and how to respond to the Gospel. This is also the case when *Born of Water and Spirit* is sent with *Knowing Jesus*. More students will study longer, and more students will respond to the saving message of the Bible. And that is what WBS is all about.

You. Sharing Jesus.
