Somebody needs you. Be a WBS Teacher

WBS students from all over the world want to learn more about God. But they can't continue until a WBS teacher helps them.

WBS teachers are all ages, from teens to families to seniors. You don't have to have a lot of Bible knowledge. Just adopt some students, exchange lessons, review their answers, encourage them and pray for them. Spend twenty minutes a week to as much as you like.

You'll develop meaningful friendships with some of your students. You'll see them grow in faith and knowledge. Many will come to make their own faith response to the Gospel. WBS can often help you connect them with local Christians for further study, fellowship and even baptism.

Get others involved at your church.

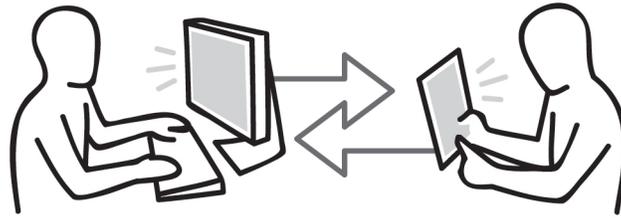

Over one thousand churches have members actively fulfilling the Great Commission as WBS teachers. They are using WBS' web-based and printed lessons by mail. Your church can, too.

Do you want to reach your community? Use WBS Connect's tools to seek and teach your own students anywhere you choose, whether at home or a foreign mission point.
